EDUCATION

Indian Institute of Information Technology Design & Manufacturing Jabalpur <i>Bachelor of Technology in Smart Manufacturing CPI: 7.1</i>	Jabalpur, India Aug 2023 – Aug 2027
--	--

TECHNICAL SKILLS

Languages	: C++, JavaScript, TypeScript, Python, HTML, CSS, SQL
Frontend	: React.js, Next.js, Tailwind CSS, Redux Toolkit, Zustand, Bootstrap
Backend	: Node.js, Express.js, REST APIs, JWT Authentication, Google OAuth
Database	: MongoDB, MySQL, Redis
Developer Tools	: Git, GitHub, Docker, GitHub Actions, Postman, Vercel, Render, VS Code
CS Fundamentals	: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks

EXPERIENCE

Open Source Developer <i>TAP Learning App Code4GovTech (C4GT)</i>	May 2026 – Present
- Contributed to the TAP Learning App by implementing features, resolving issues, and improving application functionality. - Worked with React, TypeScript, Git, and GitHub in a collaborative open-source development environment. - Created and merged Pull Requests while participating in code reviews and issue discussions.	
Open Source Contributor <i>GSoC Finder GirlScript Summer of Code (GSSoC'26)</i>	May 2026 – Present
- Developed and enhanced features for the GSoC Finder platform while collaborating with project maintainers. - Resolved bugs and contributed through GitHub Pull Requests following open-source workflows.	

PROJECTS

AI Resume Analyzer	<i>React Node.js MongoDB</i>	Source Code Live Demo
- Developed a full-stack AI Resume Analyzer supporting PDF/DOCX uploads and AI-powered resume evaluation. - Designed and implemented an ATS scoring engine using keyword matching, formatting analysis, readability metrics, and skill-gap detection. - Integrated OpenAI, Gemini, and Groq APIs with fallback mechanisms for resume optimization and interview question generation. - Implemented JWT Authentication, Google OAuth, Redis caching, and deployed the application using Docker, Render, and Vercel.		
Yoom - Video Conferencing Platform	<i>Next.js TypeScript</i>	Source Code Live Demo
- Developed a Zoom-like video conferencing platform. - Integrated Clerk Authentication and GetStream SDK. - Designed responsive meeting interfaces using Tailwind CSS and Shadcn UI. - Implemented screen sharing, meeting recording and personal meeting rooms.		

TECHNICAL ACHIEVEMENTS

- Solved **300+** Data Structures and Algorithms problems on **LeetCode** with over **435+** submissions and a consistent coding streak.
- Selected as an Open Source Contributor for **Social Summer of Code (SSoC)** and advanced to the **Final Round of Summer of Bitcoin 2026**.
- Contributed to 6+ open-source repositories by resolving issues, implementing features, and creating 10+ Pull Requests through collaborative GitHub workflows.
- Secured **AIR 1** in the Psy-co-logic Competition at **IIT Roorkee**, representing IIITDM Jabalpur.
